219mm Base Plate Bollard Yellow

All our bollards are hot dipped galvanised after manufacture to prevent rusting. Custom powder coating colours and custom safety tape options are available, talk to us about your requirements. All stock lines are powder coated safety yellow with a black & clear chevron sticker around the top. Concrete fixings are supplied with our bollards free of charge.

Custom Bollards?

Q. Can you produce a bollard to meet a specific height and/or colour requirements?

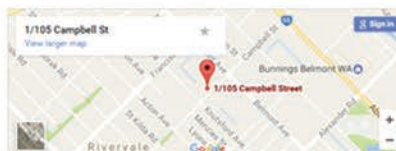

A. Yes! We can dock bollards in house to meet unique height requirements, along with custom colour powder coating, we can produce a bollard to suit most applications.

We can install!

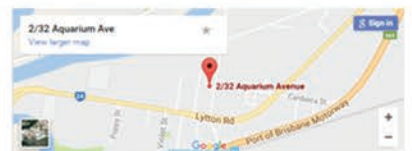

Call us for an installation quote. We have the skills and manpower to get the job done right!
