Product Data Sheet
IN-GROUND BOLLARDS

165 mm x 1800mm Inground Bollard (Yellow)

The 165mm x 1800mm In-Ground Bollard is engineered for permanent, high-impact protection. Designed to be cast directly into concrete, this unit provides superior structural integrity and a formidable physical barrier for high-security perimeters.

- **Dual-Layer Protection:** Hot Dip Galvanised (HDG) for maximum corrosion resistance, finished with a high-visibility Safety Yellow powder coat.
- **Sub-Surface Strength:** The 1800mm length allows for deep-set installation, providing enhanced resistance against vehicular impact.

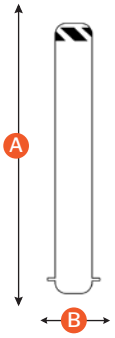

2 YEAR WARRANTY
